AMERICAN VISA GUIDE · NATURALIZATION

Naturalization English Test Flashcards

The English test has three parts: speaking (your answers about your N-400), reading one of up to three sentences aloud, and writing one of up to three sentences. These cards cover the 20 interview words from the USCIS practice test "Vocabulary for the Naturalization Interview: Self-Test 2", then every word on the USCIS reading and writing vocabulary lists (rev. 07/14). Every word in the reading and writing sentences comes from those lists.

How to print

- Print double-sided, and choose **flip on long edge**. Each answer then prints behind its question.
- Cut along the dashed lines.
- If your printer is single-sided, print the odd pages, put the stack back in the tray, then print the even pages.
